TARAJ GLOBAL
BUSINESS SIMPLIFIED

APAC & EMEA Multi-Region Lead Generation

Engagement Overview & Strategy

Partnership: Taraj Global Solutions partnered with Veeam Software to execute a large-scale enterprise Content Syndication campaign across APAC and EMEA.

Objective: Engage enterprise IT decision-makers, promote premium thought leadership content, and generate highly qualified Marketing Qualified Leads (MQLs) aligned with Veeam's regional growth strategy.

Key Focus Pillars:

- Enterprise Audience Targeting (CIOs, CTOs, IT Directors)
- Regional Multi-Country Coverage (20+ countries)
- Premium Content Distribution Ecosystem
- Quality-Driven Lead Validation & Compliance

Primary Campaign Objectives & Core Focus

Increase Brand Awareness

Expand Veeam's brand footprint across high-value B2B networks.

Engage Enterprise IT Buyers

Connect with key decision makers (CIOs, CTOs, Architects).

Promote Premium Assets

Distribute thought leadership, whitepapers, and product datasheets.

Support Sales Pipeline

Provide sales teams with ready-to-contact prospects to accelerate deals.

Generate Qualified MQLs

Acquire leads matching strict IT and security ICP parameters.

Improve Campaign ROI

Minimize lead reject rates and maximize advertising efficiency.
